May Message from the Chamber

Welcome to spring everyone and with it the Chamber Members are getting busy. Please take time to look over the attach fliers.

The Big Event for May was on the 9th and 10th with the Community Resource Assessment program. Those of you that took time out from your busy day to join us in trying to get Ronan and the local community on a better path and stay there, we really appreciate it. The MEDA group that facilitated the program said we had a good turn out for the size of our community. We would have liked to seen more participation but what we got was great and defiantly gave the MEDA group something to work with. We should get documentation from them in a couple of weeks. When we do I will send out a notice for anyone that would like to see it. The Group will also return on June 8th for another Town Hall meeting and when they leave this time we should be set up with projects, committees and resources to get on a better path for our community. Projects to utilize our strengths and assets to continue to make improvements. Please mark the 8th of June on your calendar and come listed to what we learn. I will send out time and place later.

The Beautification Committee has elected to do a new event for the area. On June 18th they will be offering a Dutch Oven cooking class. I don't know how many of you have tried this type of cooking but it is really fun and pretty amazing. Next September at the Ronan Harvest Fest they will have the Mission Valley Harvest Fest Dutch Oven Cook Off so you will be able to practice and then present your skills. I will send more information as I get it.
